[Verse 1]

See we both shared a crowded room
Not formally introduced
But I've been watching her watching me all night
And then she disappeared for a few
Must have got herself a drink or two
To work up a nerve to come and say hi
She politely spoke her name
Like a gentleman I did the same
And she sat down and we talked for a moment, yeah
She told me she'd be pleased to be
The lucky lady leaving with me
That sounds nice but I'd hate to hurt my woman

[Chorus]

So what, so what, it's all love, it's all love, show love
That's what she said to me, yeah
It's alright, it's alright, goodbye, goodbye
But for now you gotta live for the moment

[Verse 2]

Now what I look like deceiving my lady
The future mother of my babies
And lose a love that took years to build
To do that I must be crazy
And right now I don't feel crazy
Even though you're killing me with your sex appeal
And on the real she may never know
But the problem is I'll know
But how can I look into my baby's eyes
Now it just might be cool for some
But I refuse to be the one
To let a moment ruin my life

[Chorus]

[Bridge]

I must admit you look remarkable
But my woman puts you to shame
Cause what we have is more than physical, yeah
More like spiritual souls intertwining.
Intertwining like a braid.

[Chorus]
