"Thereason"

Back when I was just me

You were always there to help and support my dreams

And you've encouraged me to see

And want so much more out of life

And you said never mind your fears

Cause soon they will pass in time

And I want to thank you see cause

Chorus

All I am and all that I will ever be

Is because of you and I am so proud to say

That you've helped make me into what I am today

I applaud you for being so patient with me

All I am and all that I will ever be

Is because of you and I am proud to say

No one else could do what you have done for me

You mean the world to me yeah

There was time when I was so

Frustrated with you I felt I didn't want you no more

But then I realized that without you I would be so alone

(yeah)

But I chose to deal with you whether right or wrong

And I'm glad I did

Chorus

See you came and change my life

You turned an empty heart into a work of art

And open my eyes to the world

I would have never known for that I'm grateful

You are my pride and joy

The closest thing to me next to the god above

And will ever be my first love

And I'm always gonna give my all to you
