i don't think you're ready for this
maybe you should think about it
i can see it from your eyes
that you are hesitating

i know you got a problem
with no resolution now,
you wanna make a decision
but you don't know if it's even right

don't worry it's okay
if we believe, we'll make it right
don't stress yourself out, you'll get through this
this will be the past

i don't think you're ready for this
maybe you should think about it
i can see it from your eyes
that you are hesitating

you don't wanna make a mistake,
but you don't wanna be too late
but what you really gotta do is wait
if it goes too fast, you'll be ashamed

don't worry it's okay
if we believe, we'll make it right
don't stress yourself out, you'll get through this
this will be the past

i don't think you're ready for this
maybe you should think about it
i can see it from your eyes
that you are hesitating

so many problems,
so so many problems
can't rush through them
just cause you wanna get them done,
you already know this, you don't wanna look dumb
that's why you are hesitating

i don't think you're ready for this
maybe you should think about it
i can see it from your eyes
that you are hesitating
