she seems like just the type  
i should not take it serious  
make you believe something  
she gonna make me furious

maybe shes into you  
only if i had a clue  
i'm afraid to take a risk  
if i'm right, i tell you deja vu

don't play with me gurl  
and make me believe in something  
gonna break my heart  
and coming with the wrong intentions

maybe she thinks i'm dumb  
or worst she's having fun  
i'm afraid to take a risk  
if i'm right, i tell you this shit son

Don't come to me with your mess  
I can see it from a mile away, confess  
I'm not up for your tricks, you got the wrong one  
i know what you up to, and you gonna end up with no  
one

Please tell me if you gonna be with me me  
if you really feeling me, or if you gonna leave leave  
don't play anymore games, you are the one to blame  
i know your type already, and i dont believe eve

the plan is to pull you in  
especially if you're curious  
she's gonna get you trapped,  
trust me this plan is tedious

maybe shes into you  
only if i had a clue  
i'm afraid to take a risk  
if i'm right, i tell you deja vu

what is the point of this

get a kick out of it  
i already added you up  
are you gonna admit it

maybe she thinks i'm dumb  
or worst she's having fun  
i'm afraid to take a risk  
if i'm right, i tell you this shit son

Don't come to me with your mess  
I can see it from a mile away, confess  
I'm not up for your tricks, you got the wrong one  
i know what you up to, and you gonna end up with no  
one

Please tell me if you gonna be with me me  
if you really feeling me, or if you gonna leave leave  
don't play anymore games, you are the one to blame  
i know your type already, and i dont believe eve

i don't believe  
i don't believe  
i don't believe you're really into me

Don't come to me with your mess  
I can see it from a mile away, confess  
I'm not up for your tricks, you got the wrong one  
i know what you up to, and you gonna end up with no  
one

Please tell me if you gonna be with me me  
if you really feeling me, or if you gonna leave leave  
don't play anymore games, you are the one to blame  
i know your type already, and i dont believe eve
