First, we was cool
all i thought about was you
said you'll meet me after school
now i'm feeling like a fool

everything was going great
didn't know it would turn into hate
and now i'm all alone

tell me why you'd end our thing
thought we'd be together for eternity
don't even call my number
now i see your true colors

why waste my time
you've been calling me, texting me
tryna get in my mind, yea
what was the point of that
when me and you ain't even last
why waste my time

now i call you
can't get in touch with you
said you don't wanna talk to me
and that you need some time

don't reply to my text
thought you said that i was the best
i guess i was wrong

tell me why you'd end our thing
thought we'd be together for eternity
don't even call my number
now i see your true colors

why waste my time
you've been calling me, texting me
tryna get in my mind, yea
what was the point of that,
when me and you ain't even last
why waste my time?
i ..don't know why

i tried to get with you,
you totally wasn't even worth it

tell me why you'd end our thing
thought we'd be together for eternity
don't even call my number
now i see your true colors

why waste my time
you've been calling me, texting me
tryna get in my mind, yea
what was the point of that,
when me and you ain't even last
why waste my time?
why waste my time
you've been calling me, texting me
tryna get in my mind, yea
what was the point of that,
when me and you ain't even last
why waste my time/
tell me why you'd end our thing
thought we'd be together for eternity
don't even call my number
now i see your true colors
