I know what light is now
It's when you smile
There's people saying "don't follow your heart
Learn from us and what we didn't do"
But I wanna wake up and see your face
It's beautiful, awake or sleeping -I've made my choice
You're worth it to me

Every time you smile
It's a Celebration of the way you speak
Every time you breathe
It's a Celebration of the way you sing
Every time you love
It's a Celebration of your heart beating
Every time you smile
It's a Celebration made for you and me

I know what light is now
It's where you take me
I wanna hold you close and dance
Just you and me as we fly into eternity

Every time you smile
It's a Celebration of the way you speak
Every time you breathe
It's a Celebration of the way you sing
Every time you love
It's a Celebration of your heart beating
Every time you smile
It's a Celebration made for you and me

I'll go where ever you want to go
That's how we'll help each other grow
I just wanna love you
You and me, that's how it ought to be
Only you and only me
I just wanna love you

Every time you smile
It's a Celebration of the way you speak
Every time you breathe
It's a Celebration of the way you sing

Every time you love
It's a Celebration of your heart beating
Every time you smile
It's a Celebration made for you and me
