I won't be around
You only break me down
I'll do this and that
While you just sit back
I've had enough, you see?
You lift nothing for me
What are you to do?
When I'm gone, you're through

I won't if you don't stop

I Won't be around for long
With time you'll see
I know you'll find out you're strong
Inside way deep
You Don't do anything
You've always had me
I will cut strings fully
If you don't find the ending

You don't have a clue
Of the damage that follows you
Walking on the line
You'll fall off with time
You let go of life
Got wrong mixed with right
When the void won't stop
I'll stand back and watch

I Won't, You Don't

I Won't be around for long
With time you'll see
I know you'll find out you're strong
Inside way deep
You Don't do anything
You've always had me
I will cut strings fully
If you don't find

That you are lost
I'm already gone

What do you want
You'll always be wrong
Don't look at me
You ain't learned a thing
So just go on home
I Won't if You Don't

You don't have a clue
Of the damage that follows you
Walking on the line
You'll fall off with time
You let go of life
Got wrong mixed with right
When the void won't stop
I'll stand back and watch

I Won't be around for long
With time you'll see
I know you'll find out you're strong
Inside way deep
You Don't do anything
You've always had me
I will cut strings fully
If you don't find the ending

I Won't be around for long
With time you'll see
I know you'll find out you're strong
Inside way deep
You Don't do anything
You've always had me
I will cut strings fully
If you don't find the ending
