### [Verse 1]

There's a strength  
I shelved away  
Questioning it's usefulness  
In faded day  
A fork in the road appeared  
Neither side was clear  
Out of the blue there was faith again  
Waiting to see me through  
Here I am  
Calm and without a plan

### [Chorus]

We pray for a way out  
Wanting to find our home  
We undergo an evolution  
Waiting for our Revolution

### [Verse 2]

Fall leaves  
In a gentle breeze  
Winter arrives and you're frozen there  
Like the burning trees  
At this two-way split I'm wondering  
Which path shall I choose?  
I won't live like the road behind  
Losing precious time  
Here I am  
Sinking in the sand

### [Chorus]

We pray for a way out  
Wanting to find our home  
We undergo an evolution  
Waiting for our Revolution

### [Bridge]

I can't choose left and I can't choose right  
What am I doing in my life  
Love exists to those who believe  
Even when you can't see  
Pray for a better day  
Then giving up will slowly fade

Now I believe in me  
Now I can truly see

[Chorus]

I prayed for a way out  
Wanting to find my home  
I underwent an evolution  
Waiting for my Revolution
