I believe in fairy tales  
In Santa Claus and trains with wheels  
I'm a prince in a far-off kingdom  
A knight in armor when I need to be  
The stories I have to be told  
Are for the young to keep ahold and sing  
"La, La, La"

I believe happy endings  
In miracles and perfect weddings  
Eternal love without a problem  
Fantasies and bugs that talk to me

Taking a walk slowly Under the Moon  
Hearing the fireflies whisper their tune  
Caught in the magic of falling for you  
Over again as we walk slowly Under the Moon

I believe in big adventures  
In hop-scotch battles and playground swingers  
Jumping high into the puddles  
Dancing in rain and getting mud on me  
Firefighter trucks and sandy beaches  
Were in my grasp for me to reach and sing  
"La, La, La"

I believe in happy endings  
In dreams with twists and turns and bendings  
Eternal love without a problem  
Fantasies and bugs that talk to me

Taking a walk slowly Under the Moon  
Hearing the fireflies whisper their tune  
Caught in the magic of falling for you  
Over again as we walk slowly Under the Moon

Watching the stars twinkle closely with you  
Hearing your heart beating my favorite tune  
Holding your hand as all my dreams come true  
Being in love as we walk slowly Under the Moon

Under the Moon (x9)

I believe in fairy tales  
In Santa Claus and trains with wheels  
I'm a prince in a far-off kingdom  
A knight in armor when I need to be...
