{Yo Zac, I got something to tell you
Aight wassup?
I'm late
You late
Yeah}

{What you mean, I mean you late for work or
something?
No, I'm late
Aight, you late or you late, late
I'm late, late
Word?
Yeah, word }

Laying here just contemplating how
Life would be if I settle down with you
'Cause the thing I fear, yeah is going on with us right
now
And the crazy thing is I don't really know how I feel
about it

What went on with you and I
Was only planned for just a night
But it seems like something much more was made of it

And oh girl, so whatever you decide
Is just whatever you decide
And I'm a have to be alright and just roll with it

Now listen here baby
I don't mean to scare you but I
See I'm not really ready for a child
In my life right now

And let's keep it real girl
You don't really know me and I
I've only known you for a little while
So I guess we got a lot of things to figure out

I'm having mixed feelings bout it cause
The idea of it sounds kinda nice but
We both gotta be clear about what it was

'Cause we can't say that it happened out of love

Now, I know I know you really want to keep it baby
So I support you and I'm always gonna be here babe
For our baby to make sure that he or she doesn't grow
up
And make the same mistake that we made

What went on with you and I
Was only planned for just a night
But it seems like something much more was made of it

And oh girl, so whatever you decide
Is just whatever you decide
And I'm a have to be alright and just roll with it

Listen, you know how people are you know there gonna
talk shit
So be prepared 'cause we doing this regardless
Of what my mother say or what your father say
We just gotta make sure we on the same page

'Cause this is ours it involves nobody else
Don't get me wrong we can always use a little help
But honestly all we got is each other
And the fact is I'm the father and you're the mother of
this kid

What went on with you and I
(So let's deal with it)
(Make no mistakes about it let's be real with it)
Was only planned for just a night
(If anybody gotta problem I'm a deal with it)
But it seems like something much more was made of it
(Don't worry baby no)

And oh girl, so whatever you decide
(And I'm cool with whatever you decide to do or not)
Is just whatever you decide
(And I promise everything's gonna be alright)
And I'm a have to be alright and just roll with it
('Cause I'm always gonna be here for my baby's life)
(Even if we ain't together)

What went on with you and I
Was only planned for just a night
But it seems like something much more was made of it

And oh girl, so whatever you decide
Is just whatever you decide
And I'm a have to be alright and just roll with it
