Who, tell me, who knows you better baby than I do
Said it out your own mouth
I aint even got to say it, ooh
you aint got to make an issue, ooh
I aint trying to play the victim, ooh
I'm just trying to make this thing right

How, how could you think that I could ever be better
without you
I mean, i could go a few months
But everyday girl I'd be missing you
For me to send you to another dude
the thought of it is so depressing ooh
You & I both know that we needs this thats why

I'm explaining...what I'm fighting for
girl, theres no one who deserves you more
so stop subscribing to those crazy thought
cause there's no one who deserves you more
who gave you love?
dont change on me. dont change baby
I'll go halfcrazy if you choose to leave
Thats why I'm explaining...what I'm fighting for
girl, theres no one who deserves you more
deserves you more...

We don't often talk about it baby but we know its true
its true, that you were insecure once
cause someone really did you dirty, ooh
But I encouraged you to make it through
Showed you special was apart of you
You did the same for me too

So girl I thank you and I'm so thankful
for the times where we rise and we fall

nights when we laugh and we talk
let's not break up, lets be grateful
that the strain of our arguements only brought us
closer spite of it all

I'm explaining...what I'm fighting for

girl, theres no one who deserves you more
so stop subscribing to those crazy thoughts
cause there's no one who deserves you more
who gave you love?
dont change on me. dont change baby
I'll go halfcrazy if you choose to leave
Thats why I'm explaining...what I'm fighting for
girl, theres no one who deserves you more

We spend more time on our problems
instead of trying to work them out to get better
However, lets turn this negative into a positive baby
You believe in you and I
I feel theres a need to try
If I don't fight, i'll regret it for the rest of my life

I'm explaining...what I'm fighting for
girl, theres no one who deserves you more
so stop subscribing to those crazy thoughts
cause there's no one who deserves you more
who gave you love?
dont change baby, dont change baby
I'll go halfcrazy if you choose to leave
Thats why I'm explaining...what I'm fighting for
girl, theres no one who deserves you more
