Ya that's cool, I understand what you're saying  
But I just got out of the situation  
I'm not really trying to get into anything serious right  
now  
But we could chill, na mean?

Let's pretend for one night, I'm the man in your life  
And we do the things that lovers do  
All the loving u like, I give it to you just right  
Theres nothing less than special when it comes to you

See what we have is understanding  
That works so well for how we are  
'Cause neither of us has the heart  
To fall in love all over again

Even though I'm not your man and I know you're not  
my girl  
But let's just act like it's that way tonight  
Now I know u got your friends and you know I got some  
too  
But let's just act like you're my lady tonight

Now what I like about you is that you're always so cool  
And comfortable whenever I'm around  
You're some one that I can talk too no matter what I'm  
going through  
I call on you 'cause I know you'll always be down

See what we have is so incredible  
That we'll never find in anyone else  
This thing that we share is so unbelievable  
That I want you all to myself

Even though I'm not your man and I know you're not  
my girl  
But let's just act like it's that way tonight  
Now I know you got your friends and you know I got  
some too  
But let's just act like you're my lady tonight

Oh, I know that we both have our separate lives

And we don't keep ties on each other so you can have  
me  
So that I can hold you until the morning comes  
Then we can go back to how things was before

Even though I?m not your man and I know you?re not  
my girl  
But let?s just act like it?s that way tonight  
Now I know you got your friends and you know I got  
some too  
But let?s just act like you?re my lady tonight

Even though I?m not your man and I know you?re not  
my girl  
But let?s just act like it?s that way tonight  
Now I know you got your friends and you know I got  
some too  
But let?s just act like you?re my lady tonight

Tonight, tonight  
Umm, dada, da badum, yeah

I like it, I love it  
Feels good to me, so good to me  
I like it, I love it  
It feels good to me, so, so good to me  
I like it, I love it
