Girl, I know this might seem strange
But let me know if I am out of order
For stepping to you this way
See I've been watching you for a while

And I just gotta let you know
That I'm really feeling your style
'Cause I had to know your name
And leave you with my number

And I hope that you would call me someday
If you want to you can give me yours too
And if you don't well I ain't mad at you
We can still be cool 'cause

I'm not tryin' to pressure you
Just can't stop thinkin' 'bout you
You ain't even really gotta be my girlfriend
I just wanna know your name and maybe some time
We can hook up, hang out, just chill

Damn, I'm surprised that you called
'Cause the way you walked away
I thought I wasn't gon' see you no more
Since you didn't wanna give me your math

I thought that you were iggin' me
And wasn't diggin' me
But anyway what you doin' tonight
I'll probably be with my peeps
If its cool with you maybe we will swing by

And you can just chill with us
Or maybe you can just chill with me
As long as you're comfortable

And you feel secure when you're with me cause

I'm not tryin' to pressure you
Just can't stop thinkin' bout you
You ain't even really gotta be my girlfriend
I just wanna know your name and maybe some time

we can hook up, hang out, just chill

Oh, oh, baby yeah maybe we can oh
Go see a movie girl
Maybe we can hang out girl
Whatever you wanna do
Just let me know it's up to you

I'm not tryin' to pressure you
Just can't stop thinkin' bout you
You ain't even really gotta be my girlfriend
I just wanna know your name and maybe some time
we can hook up, hang out, just chill

I'm not tryin' to pressure you
Just can't stop thinkin' bout you
You ain't even really gotta be my girlfriend
I just wanna know your name and maybe some time
we can hook up, hang out, just chill

I'm not tryin' to pressure you
Just can't stop thinkin' bout you
You ain't even really gotta be my girlfriend
I just wanna know your name and maybe some time
we can hook up, hang out, just chill

Just chill and keep it real
I ain't out to get nothin' from you, oh no
We can just talk about you girl, oh yeah
I'm just there for you anytime you need me to
