It's really over now, she ain't comin' back
I really don't know how things ever got this bad, 'cause
I
(I said sorry way too much, this time sorry's ain't
enough)
And now she's gone and it's only now that I realize
How much she means to me, 'cause I

I could lose a car, even body parts, still I'll live
But still can't live without the love of my life
And everybody knows money comes and goes
There's never enough but still ain't much without the
love of my life

I thought that I was right for tryin' be the man
I was hustlin' to provide, but I guess I didn't understand
that
(Thought I was makin' a livin' for, all the while I was just
killin' us)
That's why she's gone 'cause she's tired of fightin'
And I'm tryna find what I should do to get her back,
'cause I

I could lose a car, even body parts, still I'll live
But still can't live without the love of my life
And everybody knows money comes and goes
There's never enough but it's still ain't much without
the love of my life

'Cause right now
(There ain't nothin' in this world)
That matters
(Matters more than my girl)

So no matter what I
(Gotta make it right)
'Cause she's been
(Since she been there for so long)
I ain't myself no
(I ain't me when I'm all alone)

Now I don't know if there's anything I can do

But I gotta find my way back to her heart
(Back to her heart, back to her heart)
(Back to her heart, back to her heart)

I'm so sorry for everythin' I ever did
If you leave me now I don't think that I can handle it
I don't deserve another chance, but if you just give me
One more, I'll give you a better man

I could lose a car, even body parts, still I'll live
But still can't live without the love of my life
Everybody knows money comes and goes
There's never enough but still ain't much without the
love of my life

I could lose a car, even body parts, still I'll live
But still can't live without the love of my life
And everybody knows money comes and goes
There's never enough but still ain't much without the
love of my life
My life
