Ever since I can remember  
Cats been comin' up and askin' how did I  
Get to be where I'm at with my whole style  
And got the nerve to ask would I

Change anything about it  
Say it's too lean or too crowded  
But see that's just the thing  
'Cause that's something that I

Don't worry myself too much about 'cause I'm  
Gonna do it the way that I've been doin' it  
Since the first day that I started doin' it

Maybe fine tune it just a little but just enough  
'Cause I don't wanna fuck up and ruin it

I take this thing too seriously  
My style is the [Incomprehensible] point of me  
But see cats just don't get it  
'Cause [Incomprehensible] always gotta find a label or  
some kind of category

Sayin' yo this kid gotta be this  
And he gotta be that and he gotta be whatever  
Yo i just gotta be whatever you want  
And need me to be to, make your life better

M U S I Q S O U L C H I L D

That's my name [Incomprehensible] what that's me
