Before you go can we just talk a moment?  
We shouldn't end it like this, no  
Can you just chill for awhile, put your bags down  
Just try to hear me out

Now I know that recently we've been  
Fussing and fighting, damn  
And I know that you're tired of me  
But if you leave this is how I'll be, picture me

Picture me  
Down and out, lost without you  
Picture me  
Broken hearted and so lost and lonely

You don't want to go  
As much as I want you stay, yeah  
'Cause I built my whole life around you  
And I'm not just 'bout to let it all slip away

And what about the tears that we've shared  
And all the things that we said, were they all just in vain  
Girl, if you bounce on me what I used to be is just a  
memory  
'Cause this is how I'll be

Picture me  
Down and out, lost without you  
Picture me  
Broken hearted and so lost and lonely

I, I, I look, I know, I know that I up alright  
And I'm sorry, I'm really sorry, I mean but I got issues  
You got issues, everybody got issues, we're human, ya  
mean  
So what you want me to do about that, I mean 'cause

I can tell a bunch of lies  
And make like everything's alright  
But I know deep down inside  
I'll be deceiving you and misleading you

And I don't want to so can we just try  
Try this one last time  
Let's give it one more chance  
Before you say goodbye

Picture me  
Down and out, lost without you  
Picture me  
Broken hearted and so lost and lonely

Can you picture me girl?  
Not wanting to eat no more  
Not wanting to sleep no more  
Only wanna be with you  
'Cause see I need ya, I got to have you

Picture me  
Down and out, lost without you  
Picture me  
Broken hearted and so lost and lonely
