I never wanted a woman that wanted
Me for my name or material things
See I always hope for a woman that's so sure,
emotionally secure
With spiritual faith
A woman that I can trust with all of my secrets
And even listen to all of my issues
A woman who never judge
Me or how I was
She deals with me strictly through love

[Chorus:]

Someone who will put up with the things
Loving me can bring
But still be there to see us through
Someone who would put up
With the strange and complicated things
Cause I would do the same for her too
Someone who I can be real with
Aint gotta be perfect
Because loving one another is all that matters
It's not hard to explain
So believe me when I say
That I found all of that in you

All that I hope for a friendship that's so pure
A girl I can talk to bout whatever is on my heart
A woman that needs me
That trust and believes me
That wont take my kindness as some kind of weakness
A woman who bares her soul who is willing to let go
That wants me to lead her but knows how to take
control
And when I am feeling down
Cause things are going wrong
She fills me up and makes me feel strong

[Chorus:]

You are that someone who loves me
Through all my imperfections
You know my heart is filled with nothing but good

intentions
You are the one that told me
Long as we got us
Nothing matters
You are the one that sees the joy through the pain
You are my light through the rain
Here and now
Girl I am saying
It's you
You're my heart
It's you
You're that someone I can truly say that I'll never find
another love like you

[Repeat Chorus Til End]
