You know what I'm thinkin about right now right?

[Verse 1:]

Girl I feel you think that you may not be  
The kind of a girl that everybody  
Looks for nowadays but I just gotta say  
That it doesn't really matter to me

[Pre-Chorus:]

Cause in your eyes I can see the skies and all the  
heavens  
And your my angel oh yeah  
And I just wish that the world could witness  
All the joy that you make me feel

[Chorus:] x2

Cause when I'm with you I couldn't even see myself  
being out there with another woman  
Cause when I'm with you nothing else matters  
I ain't even thinkin about nobody else

Verse 2:]

Don't you ever ever think that you're not beautiful no  
Cause I'll always be the one to tell you so  
Lookin back back on love and all the things that I been  
through  
I feel God's presence when I'm with you oh oh

[Pre-Chorus:]

[Chorus:] x2

[Instrumental]

[Chorus:] x4
