Pull me apart and put the pieces as you choose
To rearrange this heart, I've nothing left to lose
So what's all this talk of leaving,
I've left you with these words
That crumble the mountains, give
The sunlight to the earth

And where you go I'll follow
And where you stay I'll stay
And I won't turn back till I know that you know
What words have failed to say

So give me a photograph, a memory in my mind
All of my wrong for all your smiles and wasted time
So tell me you need me, do you love me?
And are you sure?
Cause those three little words unfold
To mean a thousand more

And where you go I'll follow
And where you stay I'll stay
And I won't turn back till I know that you know
What words have failed to say
