You will take me on this roller coaster ride
Through the highs and lows, can't help but show
This love I've tried to hide
You will take my heart, and keep it in your sight
So when you come and go, You'll always know
I'd wait for you all night

Can't get your songs out of my head
I can't forget the words that you said
You've got me hanging around your door
Can't get your name off of my lips
I can't quit thinking about your kiss
You've got me coming back for more
Of this love I'm living for

You have got me in the palm of your hand
You've got me on my knees, there's go to be
A way to understand
Why I'm wishing I had never heard your name
Cause now I'm hooked and reeled, head over heels
I'll Never be the same

Can't get your songs out of my head
I can't forget the words that you said
You've got me hanging around your door
Can't get your name off of my lips
I can't quit thinking about your kiss
You've got me coming back for more
Of this love I'm living for
