I was flirting, I was touching
I was smoking and joking with you
Your comment kept me laughing
But you broke in all of the rules

I say won't go slow
'Cause you're speeding past the lane
Told you no, no, no
And then I gave up moving too fast

Knock, knock, knocking at my door
It won't open 'cause I can't sight it anymore
Knock, knock, knocking at my door
It won't open for you, for you

I was pleasing, had my reasons
Guess that's not what I should've done
No more touching, can't be just friends
'Cause I don't see the benefit

I say won't go slow
'Cause you're speeding past the lane
Told you no, no, no
And then I gave up moving too fast

Knock, knock, knocking at my door
It won't open 'cause I can't sight it anymore
Knock, knock, knocking at my door
It won't open for you, for you

It proves your story in the beginning
Then if it's boring you'll hate the ending
And since you're in it, I don't recommend it
I told the story, you hate the ending

Knock, knock, knocking at my door
It won't open 'cause I can't sight it anymore
Knock, knock, knocking at my door
It won't open for you, for you

Knock, knock, knocking at my door

It won't open 'cause I can't sight it anymore
Knock, knock, knocking at my door
It won't open for you, for you

Unhappy ending, this unhappy ending
It won't open for you, for you
Unhappy ending, this unhappy ending
It won't open for you, for you

Knock, knock, knocking at my door
It won't open 'cause I can't sight it anymore
Knock, knock, knocking at my door
It won't open for you, for you
