no no
packing my bags, moving away
i've heard it before but baby you never change
no looking back, i'm doing ok
cos i'm taking my pride and leaving you with the pain
cos i tried not giving up but it blew up in my face
i don't wanna cry your tears no more
i know you're sorry but i'm walking away

and i've heard so many lines that i've had to catch my
breath
i don't need your hands to dry my eyes
because i'm stronger and there's no tears left
no more controlling me, can't break me down down
down
no not now because there's no tears left
learnt enough to let it go
you've taught me the best best best lesson yet
and now there's no tear left

not one regret, this ain't a mistake
won't stick around to see how much i can take
and i'm not upset, in fact i'm relieved
happy to finally take your weight off of me
it ain't worth the lonely heart so there's no reason to
stay
i don't wanna be here anymore
so i grab my things and boy i make my escape

and i've so many lines that i've had to catch my breath
i don't need your hands to dry my eyes
because i'm stronger and there's no tears left
no more controlling me, can't break me down down
down
no not now because there's no tears left
learnt enough to let it go
you've taught me the best best best lesson yet
and now there's no tear left
