"A Fateful Vision Of Our Ruin"

Prosperity, peace, vitality
Poverty, war, reality
Political incompetence
Economical dependence
Corrosive manipulation of mind
Computerdatas, unrestricted control
Multimedias make you blind
No possibility for any loop-hole

Between poor and rich, a growing gap
Alcohol & drugs, psychical dominance
Killing & conflicts, ruled by intolerance
On each dark corner a deadly trap

Prosperity Â... Control
Between Â... Trap
Do we know what weÂ're doinÂ'?
ItÂ's the way in our ruin!

A fateful vision in our ruin (2x)

Do we know what weÂ're doinÂ'?
ItÂ's the way in our ruin!

Ozone layer completely destroyed

Future generations gradually condemned
New air-breeding virus-diseases
The risk of decimation constantly increases

Unnatural genetical manipulation
Massive abusing of Mother Nature
Cloning, medical experimentation
HumanityÂ's afflicting failure (2x)

At the edge of the twenty-first century
Atomical waste, thousand years of frost
Optimistic vision of prosperity lost
Mankind is playing with its destiny

Between Â... Trap
Do we know what weÂ're doinÂ'?

It's the way in our ruin!
A fateful vision in our ruin (2x)

Do we know what we're doin'?
It's the way in our ruin!
