Burnt alive in a barn  
They were two thousand internees  
For six days and nights an agonizing exodus  
Assassinated on the road, enclosed in waggons  
Deportees must be liquidated  
At the sixth day thousand rescued  
Agglutinated in the barn  
Burn them all in a barn

Last massacre (6x)

The floor was covered with straw  
And the straw impregnated with oil

The doors closed and barricaded

Soldiers set fire with torches  
Flames rised up, imploring howlings  
Petrified, roasted alive  
Burn them all in a barn

Last massacre (4x)

Machine guns crackled,  
All the sick slashed  
Decomposed, harrowing cries  
A pile of corpses burnt to death  
Howlings, moanings, rattles and groans  
Seven hours of debauchery  
The most disgusting crime in history (2x)
