Still a young and innocent child
Beaten by his mother and abused by his father
She always told him "Don't look through the key-
hole,
When I'm busy with your uncle"

Conflict and anger in his mind became worse and
worse
This beautiful cat of our crazy neighbors
"I could torture and rip it up", he thought
Little experiment to control life and death

Hate, death & sexual desire burning inside him
Love he needs, but pain and suffering he brings
The cat became a little pretty blond girl
Raped and beaten to death, his first human victim

CHORUS

Welcome to the labyrinths of deviance
Enter the gloomy world of depravation
Into the labyrinths of deviance

Enter the gloomy world of depravation

Losing control of his murderous destiny
What was wrong with this affectionate man?
Dreams always turned to deviated sex
Combined with mutilation, open wounds

CHORUS

One after one, raped, sodomized, killed
Each murder more cruel and perfectionated

The bodies lacerated, cut into pieces and burned
Ultimate abomination, gruesome hallucination

Dark fantasies became obsessive reality
Body count growing month after month
Sheer panic spreading out in the city
Unstoppable bloodbath was his fate

The bodies lacerated, cut into pieces and burned
Ultimate abomination, gruesome hallucination
