You'll die - a painful death
I'm your God - of torture and perversion
Thousands of dead or living humans are taken for
experiments
Fear of medics; medics who don't help you at all

Objects for science and research, victims of perverts in
white
Human material for studying
Murdered by collection of brains, infected with
diseases
Unvoluntary experimental subjects
Cruel despise of all the defenceless

Testing of hunger: How long can you live without
eating?
Victims of vaccinations end with "exitus" - In most
cases
Invalids and cripples with special feeding-
No bread and no flesh

Paradise for perverts (4x)

Months of awfully pining away

Paradise for perverts (2x)

No hope to end the struggle,
Killing a jew with a syringe

Directly into the heart
All this in the name of medicine,
How perverse can it get?

Paradise for perverts (2x)

Hidden cellar, citadel of horror, poison gas tested on
humans
Bursting of lungs, corroding of skins, starring eyes,
asphyxiation
Deforming the face, bleeding tears,
Endless suffering, colossal pain

All this in the name of medicine,
How perverse can it get?

Carving the stomach, cut off the head and preparing
the teeth
Torture chamber kills with below atmospheric pressure,
Getting blind
Paralysed, spasms, madness, death the result

Dissected alive, death by cold
Cutting deep wounds to the bone
Or smashing them with a hammer
Incredible agony
Why did you let it happen?
