Leave the vestibule of Hell
And enter its highest sphere
Never have sinned, but unbelieving
The place of the unbaptized children

Credo in un Dio crudel (2x)

Meet Minos the judge of the dead
Descend the slope to the second sphere
Swarms of people flying in the sky
They have lived in voluptuousness
In the swamp and shower of hail, the gluttons
Hoarders and prodigals fighting each other
Deeper and deeper in the slough
The furious and stubborn are swearing
The worst sinners in this sphere
Phlegyas brings you to the center
Reek of excrements, smoke, rot and pestilence
Groans, whimper, croak and swear

Reach Acheron the sea of boiling blood
Where murderers and torturers are punished
Followed by the forest of the suicides
Each tree containing the soul of a dead

In a burning sand-desert, snowing fire flakes
Homosexuals, lesbians, sodomists, unnatural love

Credo in un Dio crudel (2x)

Reek of excrements, smoke, rot and pestilence
Groans, whimper, croak and swear

Reach Acheron the sea of boiling blood
Where murderers and torturers are punished
Followed by the forest of the suicides
Each tree containing the soul of a dead
In a burning sand-desert, snowing fire flakes
Homosexuals, lesbians, sodomists, unnatural love

Procurer and seducer in the first pit
Whipped by black horned demons

Flatterer in the next hole
A river of excrements, a pit full of shit
Corrupt, corruptible, thief, faker
All have their own pools of blood

Leave the vestibule of Hell
And enter its highest sphere

Credo in un Dio crudel
