Tea For 2 – Written by Kenny Mehler

What if I could tell ya, that it's better than a-ok?  
But if it's a certain person now ya know I'm walking  
away  
From the top ya know we like to kick it...but I'm on the  
fence  
So you better start wishing...

Dreaming about the day, when I can see you from  
another side...  
I'm thinking about your point of view  
That you want me to realize.

I like my coffee with sugar...  
And call it two for two...  
Anyway way you want it...  
You got it..  
Drive right through...  
By the way. I'd like to say, I'm ok today.  
This helps me move on...  
And if take one thing away...  
Just say remember that...  
I can see easily...  
By the way that you stare at the ground,  
telling me not to worry about a thing...  
But I'd like you to remember one thing!

What if I could tell you that it's easier  
said than done, Guess what, Yup!  
Your not the only one...  
In question, I'll keep you guessing...  
Here is the part of the story, that will  
teach you a lesson...How, tonight...  
just remember that I did you right.

I'm never goona be the way that want me to be...  
So why ya trying to make me into something I don't  
want to be...  
Dreaming about the day when I can see you from  
another side...  
I'm thinking about the point of view inside your mind.

Time served...lesson learned...  
And I'm out the door with the money that I earned.

I like my coffee with sugar...  
And call it two for two...  
Anyway way you want it...  
You got it...  
Drive right through...  
By the way. I'd like to say, I'm ok today.  
This helps me move on...  
And if take one thing away...  
Just say remember that...  
I can see easily...  
By the way that you stare at the ground,  
telling me not to worry about a thing...  
But I'd like you to remember one thing!
