Wilma - written by Kenny Mehler

Said... I remember the day
The way you came nearly
Damn nearly blew me away
And I remember those times
In the middle of the night with the car top down
Damn here we go tonight

I know where he came two miles to go
These days we spent
Seem to mighty blow now
It's out of sight and out of mind and I remember the
time
Where to go from now
In the middle of the night damn I tried

Said... I remember the day
The way you came nearly
Damn nearly blew me away
And I remember those times
In the middle of the night with the car top down
Damn here we go tonight

I know where he came two miles to go
These days we spent
Seem to mighty blow now
It's out of sight and out of mind and I remember the
time
Where to go from now... I'll follow you down
I know where he came two miles to go
These days we spent
Seem to mighty blow now
It's out of sight and out of mind and I'm gonna get it
on tonight
Where to go from now... In the middle of the night
damn I tried

I know where he came two miles to go
These days we spent
Seem to mighty blow now
It's out of sight and out of mind and I'm gonna get it

on tonight

Where to go from nowÂ...Ohh.oh.oh (repeat)
