Alcohol Sea

words and music by John Bassett

(verse)

Im sound, look at me laughing, look at me crying, im
the clown.

Turn round, silently yearning, quietly burning to be
found

Don't wanna be the fool, don't wanna try to be someone
to get close to you

Don't wanna get too old, don't wanna spend my life
complaining about being cold, about being cold
(bridge)

So i'll fade away in sunny daze, look i'm dancing in a
drunken haze, hold me down, cause i'm spinning
round

(chorus)

Dark sheep of the family tree, you sail upon Alcohol
Sea

Dark sheep of the family tree, you sail upon Alcohol
Sea

(2nd verse)

Dark room, sitting down thinking, smoking and
drinking until dawn

I'll paint all of this city with my graffitti, wall to wall

Don't wanna be the fool, don't wanna try to be someone
to get close to you

Don't wanna get too old, don't wanna spend my life
complaining about being cold, about being cold
(bridge)

So i'll fade away in sunny daze, look i'm dancing in a
drunken haze, hold me down, cause i'm spinning
round

(chorus)

Dark sheep of the family tree, you sail upon Alcohol
Sea

Dark sheep of the family tree, you sail upon Alcohol
Sea

you sail upon alcohol sea (repeat)
