All my life
It's my life

People thought that I was wrong
And I know they didn't believe me
I knew that I would carry on
And I knew that they would see

I made a wish upon a star
And that I had my dreams
Hoping I'll go far 'cause it's all that I need
All my life

I'd been waiting to show the world
Cause it's my life
Gonna let you know just what I'm made of
And now that I see my destiny

Must have been waiting here for me
Now I'm gonna make it right
It's my life
And I think to myself

I've been longing for this moment
I feel I've got nothing left
But I don't want nothing else
Cause I know that my time
Has finally come

And I only hope that I'll be the one
I'm standing here
I made it this far
And I know I will never be the same

I close my eyes
I can feel the changing rise within
They call my name
They call my name
