I saw her on the playground down by the school
Teaching all the children the golden rules
Reading them poetry, picking them flowers
Telling them stories about little pink houses
Playing hide-and-go-seek in the rain
In a world of their own little game
Ring-a-ring-a-rosies, we all fall down
A pocket full of posies, and a flower from a clown
CHORUS:
Mission Impossible
Unbelievable
Someone so beautiful is some else's girl
Mission Impossible
Unforgettable
Someone so beautiful is someone else's girl
Lying on the grass painting pictures in the sky
A whole new universe goes flying by
The world is turning, there's a bird up above
The sun is shining on a field of love
CHORUS (x2)
