Karen:

Around the world theres starving people who need  
feeding,  
Our eco-system is screwed and soon will shatter,  
The icebergs have all melted or so I have been  
reading,  
Theres too many drugs and diseases,  
Well mostly the latter.

Yes the world is going tits up and its kind of horrific,  
so lets all do something about,  
without being too specific,  
then things will be terrific.

Because things are bad,  
Yeah things are bad but we can end it,  
Send me your money send me your dosh so i can  
spend it,  
And the only danger its in our hands,  
Lets save the world with your cash and my perfect  
cans.

Joanna:

Place donations in my tin,  
dont be shy just slip it in.

Miss Harper:

Send your pennies,  
Send your notes,  
reach deep in your pocket (Need a hand with that  
darren?)  
Come on you've got to.

Galmorama:

Things are bad,  
Really really bad.

PMS girl:

Things are bad,  
infact there \*beep\*

Cash Cow:

Lifes really tragic.

Valarie Denton:

Whether your black or brown or white.

Karen:

Our plan is flagging down to man.

Lipstick Lesbians:

But it could just as easily be a woman.

Karen:

And if you love the world,

Look deep in your hearts and cash in your pension  
plan.

Send a Euro,a Dollar, a pound,

And I'll save the world,

(and when im done if theres money to spare) Then its  
my round,

Ending:

Things are bad,

Things are bad but we can end it,

Send me your money so I can spend it,

The only danger is in our hands,

So lets save the world, Your cash is what it demands.
