Born a believer, I walk alone  
Can't find a place where I feel home  
Well I'm crazy, but I am sane  
I'm guilty, but not to blame  
This is my nature, who I am  
If you don't like it, here I stand

I wanna keep it, though I eat it  
Shove it in my mouth  
I can't control my evil eye  
I wanna keep it, though I eat it  
Have a bigger bite  
I love you baby, though I hate you  
Cause' I'm a Double Nature!

Now a heretic, I have become  
I've lost my faith in god and man  
I am a demon, free from sin  
But there's no angel who lets me in  
My wheels are rolling, they're rolling fast  
Straight outta hell, away from my past

I wanna keep it, though I eat it...

Now here's a warning, some final words  
Turn me down, and you'll burn, burn, burn  
I am awoken, I never sleep  
My eyes are bleeding, I'm a freak  
I'm short of patience, don't mean no harm  
I'm just a guy with a burning heart

I wanna keep it, though I eat it...
