I'm on the road alone again  
Riding the healing winds of change  
I don't love you anymore  
I'm surprised that I can breathe  
After nursing all of your needs  
I don't hate you anymore

I'm not your dog  
Though I bite the bone  
I'm tired of being in love and I'm scared of being alone  
You hate my lifestyle  
What can I do  
There ain't no treatment, baby, that can heal my  
screaming ghoul

I'm on the road alone again  
Right in the healing winds of change  
I don't love you anymore  
I'm surprised that I can breathe  
After nursing all of your needs  
I don't love you, but I don't hate you anymore

You brought me depression  
You made me f\*cking bleed  
You turned a normal guy into a raging jealous freak  
Well now I'm moving  
I leave this town  
I hope to be you friend though what's been said and  
done

I'm on the road alone again  
Right in the healing winds of change  
I don't love you anymore  
I'm surprised that I can breathe  
After nursing all of your needs  
I don't love you, but I don't hate you anymore

You took my money  
And wasted my time  
What more do you want  
My freaking life
