I'm frustrated  
And here's where everything must end  
So frustrated  
And all you thought you knew me well  
I'm not crazy  
Scream and shout and that won't help  
Cause I'm frustrated  
Please forgive me for what I said

I am absentminded, don't know what I do  
Where are my keys, where did I put that bloody phone  
I even don't know how to find myself  
I won't get no relief until I'm dead  
I won't get no relief until I'm dead

I'm frustrated  
I am tormented by myself  
And I hated  
Why can't I be like everybody else  
I'm frustrated  
This is where everything must end  
Light a candle for me  
These patterns I must brake  
I must be strong instead of runnin' away  
I won't get my relief until I'm dead  
I won't get no relief until I'm dead

This restlessness has made me to concede  
What is wrong with me, why can't I fall asleep  
I won't get no relief until I'm dead  
I get my inner peace when I am dead
