IÃfÂ, 'm sitting by the phone
Like so many times before
IÃfÂ, 'm waiting for a call
But I donÃfÂ, 't know what itÃfÂ, 's for

A pale blue light the moon
From outside it fills my room
As I sit here in this gloom
And I rise to face my doom

I donÃfÂ, 't get any answers here
What can I say

Could you cover me please
CanÃfÂ, 't you see how I feel
I just need some love
But IÃfÂ, 'm on my own

IÃfÂ, 'm walking in the snow
It is Christmas and IÃfÂ, 'm alone
I donÃfÂ, 't know where IÃfÂ, 'm going
But IÃfÂ, 'm bound to get there soon

And my destiny lies near
So near but still unclear
In all my greatest fears
ItÃfÂ, 's present now and here

I am holding the answers here
I know whatÃfÂ, 's right

Got to hang up the phone
I was born on my own
I just got to be strong
I donÃfÂ, 't need your love
IÃfÂ, 'm on my own
