Down I was walking blind
Had noone around
I tried to reach tried to reach my life supporter
Bad this is all I have
I need a better brand
I tried to reach tried to reach my life supporter

Now I know I'm just but mortal
Burned by fire, drown in water
Pull yourslef trough my disorder

Now is the time to realize
I will never reach the sky
If you want to know what's down
Turn to me I'll be you'r man
Burned by fire, drown in water
Pull yourslef trough my disorder

Why, must I be blind
Same on mind
I tried to reach tried to reach my life supporter
Bad this is all I have
I'm running out of time
I tried to reach tried to reach my life supporter
Pull yourslef trough my disorder

Now is the time to realize
I will never reach the sky
If you want to know what's down
Turn to me I'll be you'r man

I tried to reach my life supporter
Now I know I'm just but mortal
Burned by fire, drown in water
Pull yourslef trough my disorder

Burned by fire, drown in water
Tried to reach my life supporter
Burned by fire, drown in water
Pull yorself trough my disorder yeah!
