There's no time to check the stars out  
I'm already on my way  
If you're up to call me psycho  
Or if you think I'm out to play

I use the dagger

I'm a cold heart mother's son  
Thinking I'm the only one  
I'm a cold heart mother's son  
Trying to find my way home

If you'd like to be the hammer  
Well that seems to be okay  
Now you met a real rambler  
Who refuse to be the nail

I use the dagger

I'm a cold heart mother's son  
Trying to find my way home  
I'm a cold heart mother's son  
And I'm certainly the only one
