I haven't seen all there is to see
But I've seen quite a bit
I've seen things I'll always remember
Some things I wish that I could forget
I haven't quite been around the world
But I've been around the block
I know that distances are meaningless
Like the hands that move around the clock

And I know that love is everywhere
Always safe, always true
And exactly where it comes from
Is where it's going to

Your heart to mine, my heart to yours
Talk about opening windows
Talk about opening doors
My heart to yours, your heart to mine
Love is the light that shines
From heart to heart

Here I am sitting in old Hong Kong
With the harbor and the lights
There like diamonds in the heavens
Enough to brighten the darkest of nights
There's another side to sorrow
As there is to everything
Like the other side of lonely
Is falling in love again

And then you know that there's an answer
To the suffering you see
And though it isn't easy
It's still as simple as you and me
And you know that love is everywhere
Always safe, always true
And exactly where it comes from
Is where its going to

Your heart to mine, my heart to yours
Talk about opening windows
Talk about opening doors

My heart to yours, your heart to mine
Love is the light that shines
From heart to heart
Your heart to mine, my heart to yours
Talk about opening windows
Talk about opening doors
My heart to yours, your heart to mine
Love is the light that shines
From heart to heart
