Careful when you open  
It's easy to be broken  
In the strangest fashion  
You start a chain reaction  
When You look my way  
Something's pounding away  
And I wonder if I ever felt this before

And All this time  
Oblivious To what you make so obvious  
I can't believe I never noticed my heart before  
Chorus:  
You are reaching something that is beating  
I can't believe I never noticed my heart before  
Over and again, racing out of my skin  
I can't believe I've never noticed my heart before  
At least it was never until I noticed  
You and your ways  
capture what I've misplaced  
In the perfect fashion  
Just watch my heart's reaction  
This point of view is nothing that I'm used to  
But I won't close my eyes cause they're on to you

And All this time  
It was staring me blind  
I can't believe I never noticed my heart before  
Chorus:  
You are reaching something that is beating  
I can't believe I never noticed my heart before  
Over and again, racing out of my skin  
I can't believe I've never noticed my heart before

At least it was never until I noticed You.  
The only time I ever noticed my heart was  
When I noticed You , Yeah  
The only time I ever noticed my heart was  
When I noticed You , Yeah  
You yeah  
You yeah!

1-2-3!

Chorus:

You are reaching for something that is beating  
I can't believe I never noticed my heart before  
Over and again, racing out of my skin  
I can't believe I've never noticed my heart before

Til I noticed truth yeah  
I noticed truth yeah  
When I noticed truth yeah  
You yeah  
When I noticed truth yeah  
I noticed truth yeah  
That's the only time I ever noticed my heart before.
