Ouch, Ouch, Ouch  
It's time for me to say this,  
Addressing all you guys,  
Except for all the drag queens,  
Who deserve a nobel prize.  
But the straight guys,  
They don't realize,  
What we go through everyday,  
And it's alot.  
Now it's time for  
All us females  
To remind you  
Just in case  
You all forgot,  
The seven things guys don't have to do,  
Shave legs,  
Give birth,  
Aunt flow,  
Wear skirts,  
Wax armpits,  
Hey it hurts!  
Wear pantyhoes,  
And paint your toes, too.  
High heels,  
Pluck brows,  
Skip meals,  
Count pounds,  
Some girls have to carry  
Heavy mounds,  
Were way past seven now,  
But I'll keep going anyhow,  
Uncomfy thongs,  
Tight bras,  
Tampons,  
Blow our money on beauty salons,  
Flat iron burns,  
And health concerns  
From hair dye fumes.  
And the reason why  
We do these crazy things  
That we do,

Is we do it for you.  
Sometimes were hard to deal with,  
That we can't deny,  
Just think of what we go through,  
See that's the reason, why.  
Shave legs,  
Give birth,  
Aunt flow,  
Wear skirts,  
Wax armpits,  
Hey it hurts!  
Wear pantyhoes,  
And paint your toes, too.  
Uncomfy thongs,  
Tight bras,  
Tampons,  
Blow our money on beauty salons,  
Flat iron burns,  
And health concerns  
From hair dye fumes.  
And the reason why  
We do these crazy things  
That we do,  
Is we do it for you.
