So hard to breathe this air that we call love  
Ain't nothing worse than the hurt we receive from love  
When you get hurt by the one you living for  
Pain can make you wanna love no more

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Hurt with the heart that's bleeding slowly  
So many lonely sleepless nights  
I'm going through hell to convince she loves me  
But never her approval, no matter how I try

The way you talk to me but still I say I love you  
I'm ashamed you can see it in my eyes  
Momma always told me to respect the woman  
But what am I to do when her parents do not try

So many tears I cried  
But all for nothing I'm afraid to say, ohh

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

I've been so dependent on your love for so long  
Punishment for me is trying to let go  
Give it from your heart is what you taught me  
Addiction to pain is what it got me

My life, now it's changed  
My life ain't the same as it was  
Heartbroken, to the point sometimes wanna end it

If I can't have what mean most to me

So many tears I cried  
But all for nothing I'm afraid to say

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Uh, trying not to over think  
Only 'cause I've drove and I had a lot to drink  
When I wanted it blue you said we got to paint it pink  
And there's pieces of ya hair still sittin' in my sink

And you still got underwear that's sittin' in the dryer  
How come every time that you're suspicious, I'm a liar?  
You stand out, I can hear you whistle in a choir  
And that's the only reason you the Mrs. I admire

Damn, tell me what I'm gone do  
Since everything I'm trying to forget is all true  
Me and all your main girls get along too  
I would take my last dollar out and bet it on you

But ah, you see the same one I'm missing  
Is basically the reason I became something different  
And just that I remember me before  
And if you could do the same, baby, then we'll be for sure

So selfishly, you can only show fearless  
When you feel yours in jeopardy  
Old time, old time has changed and I'm no longer willing  
Would you see how my heart is bleeding?  
I just can't

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Loving you no more  
I just, I can't, I just can't be loving you no more  
I love you more than I love myself

Loving you no more  
I just, I can't, I just can't be loving you no more

I love you more than I love myself

Loving you no more

I just, I can't, I just can't be loving you no more

I love you more than I love myself
