You know right about now, if you would ... someone special  
or you actually ... fucked up along, i want you to turn your lights off  
Turn your shit up, can you feel me?

You see, I've had my heart broken a bunch of times  
I've been on this rollercoaster, ride of love  
And I ain't got no plans to get off

My stomach drops, you know that feeling that you get upon the ferris wheel  
Or riding down the hill, or chasing dollar bills  
You couldn't quit it or forget it will break your will  
And if the earth stood still, that couldn't stop you from spinning around  
The sky is moving but your body is pinned to the ground  
She's like a rollercoaster, my heart just stopped you know the feeling that you get upon the telephone  
When there's nobody home, you feel so all alone  
You can admit it, but you didn't waited all night long  
And if you sing a song it couldn't stop you from spinning around  
The sky is moving but your body is pinned to the ground  
It's like a rollercoaster  
I toss and turn through out the night and through the day I couldn't shake it off  
How could she break it off, I feel so weak and lost  
I'm on my feet, I'm on my knees I'm going back and forth

I take it to the Lord, that couldn't stop me from spinning around  
My heart was burning and my body is pinned to the ground  
I can't believe it's over  
I cried and cried all night but couldn't lift myself off above the bathroom door  
How did i get this low? The pain is physical  
My lungs collapse I couldn't breathe I couldn't let it go

The lump inside my throat, that couldn't stop me from  
screaming aloud  
My head was spinning and my body was pinned to the  
ground  
I can't believe it's over  
I feel so, I feel so,  
and there's times when, the way she makes me feel  
something I never felt before  
She makes me feel like I'm just ill

I feel so empty I'm so scared I need her back I want the  
world to know  
I couldn't let her go, so I, I held a cab I took a plane, I  
hopped a train  
I had to let her know, it's been so difficult  
Now that I found her I'm spinning around  
The sky is moving but my body is pinned to the ground,  
back on that rollercoaster.
