Straining your brain like tv static  
Check out the phunky 3D grafix

Rave visuals, enter my digital zone  
As I recite a poem on the microphone  
I'm scoping, 3rd eye strobing  
Mind open, sweat streaming

Flesh gleaming, best feeling  
High-energy peaking, deep meanings  
Freak when I see things  
Like this chick in a G-string  
Can I touch you, friend?

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Pump it, uh, yo, pump it, uh, uh  
Yo pump it uh, lick it, dip it, twist it, turn it  
Pump it, uh, yo, pump it, uh, uh  
Lick it, dip it, twist it, turn it, pump it, pump it

I think about you when I masturbate  
You can't even believe it but that's okay  
On the microphone I fascinate  
When I let my third eye exaggerate

Freaky visions, I tell you what I see  
Cold concrete scattered with dry leaves  
You naked, lying on the pavement  
People are standing round with laany shoes

You can hardly move, you look sexy  
All of a sudden, the streets are empty  
You stand up, open your eye-lids  
You in a trench coat, it's french, you look stylish

You walk in the silence, not sure what the time is  
It's totally twilight, the sky is violet  
An abandoned house, look ahead you see  
Some open the door, yes, it's me

With the meanest penis you ever seen  
You on your period with no tampon  
You kneel down and get with the vibe  
Your period blood has crystallized

You offer me the red crystal, it's ill  
Grab hold of the mic tight, tonight's the night  
The vibe is live, pump up the base  
I got tentacles coming out my face

I rise into the air, cut myself open  
Warm blood pours down all round  
I speak from the deep cut in between my thighs  
You covered in blood rubbing your boobs, feeling nice

Rubbing your boobs, feeling nice  
Rubbing your boobs, feeling nice  
Rubbing your boobs, feeling nice  
You covered in blood rubbing your boobs, feeling nice

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Pump it, uh, yo, pump it, uh, uh

Yo pump it uh, lick it, dip it, twist it, turn it  
Pump it, uh, yo, pump it, uh, uh  
Lick it, dip it, twist it, turn it, pump it, pump it

You open the door, step into the place  
Look around, strange painting on the walls  
A chick on the floor on all fours, totally nude  
In high heels, the vibes ill

She's hand-cuffed, ankle cuffed, steel collar  
With a long lease attached to the ceiling  
The scene's appealing, revealing weird feelings  
Make you forget about what you believing

Another chick chilling against the wall  
Flashing her boobs, legs spread with a nice vagina  
And a long stick, there's a nice big  
Painting above her head, expensive

You check another chick on all fours  
Chilling next to another chick lying on the floor  
Legs spread in the middle of the corridor  
Close shave, don't touch what you can't afford

The next-room's a bed room, you become two  
What I mean is, you plus another you  
You get down with yourself while I watch  
Body buzzing like a bed of a billion bees

You kneel down in front of the other you  
Time to learn something new  
The one kneeling is a slave, kneel for the master  
Feel the warm hand on the back of your head

You got a tattoo on the back of your neck  
An infinity sign that represents your past  
Your master touches you on your tattoo  
And removes your tattoo, now you brand new

I'm proud of you, dear  
There's nothing you not allowed to do here  
Listen to me, the infinity tattoo is a key  
Let go to my rhyme and open your mind  
Let go to my rhyme and open your mind  
Open your mind, open your mind

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Pump it, uh, yo, pump it, uh, uh  
Yo pump it, uh, lick it, dip it, twist it, turn it  
Pump it, uh, yo, pump it, uh, uh  
Lick it, dip it, twist it, turn it, pump it, pump it

Lift up your dress, open up your legs  
Your vaginas sewn up, untie the thread  
My sublime rhyme inside your head  
Your mind is rushing, vagina gushing

Another chick in the corner taking a piss  
It looks nice, the whole vibe is totally kinky  
Look around, the new room is fancy  
Remove your fur coat, remove your panties

I'm rocking a suit and a black face mask  
I ejaculate in champagne glass  
Your precious flesh is so mysterious  
Pierce your nipples with two long needles

Like a crucifix, take you to another level  
While I get my freak on, the vibe is mental  
Transcendental, we somewhere else now  
Still rocking a mask but I've taken off my suit

You rocking a mask too, shaking your nice boobs  
I tell you I like you, you feel my piel  
We start french kissing with flippin' long tongues  
We somewhere else now, you dressed conservative

I transform into a big black god  
Feel the realness, my dick's lank hard  
You can't believe it, a dick in your palm  
As big as your arm, we somewhere else now

A hospital uh, get ready for the operation  
Lot of guys chilling behind you  
Blasts from the past  
All rocking a mask, penises out

Drop your panties for the surgeon  
I'm not a virgin, it's not a problem  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too

Look in the mirror, look in the mirror

Look in the mirror, you can see it's you  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too

Look in the mirror, look in the mirror  
Look in the mirror, you can see it's you  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Beat boy, beat boy  
Hit that perfect, beat boy  
Hit that perfect, hit that perfect  
Hit that perfect, beat boy

Pump it, uh, yo, pump it, uh, uh  
Yo pump it, uh, lick it, dip it, twist it, turn it  
Pump it, uh, yo, pump it, uh, uh  
Lick it, dip it, twist it, turn it, pump it, pump it

The men in the masks gather 'round the patient  
Waiting in anticipation  
The old surgeon says, "Can you see this?  
A beautiful woman with a brand new penis"

You klap the surgeon, flip him right 'round  
Bend him over, lift his white gown  
Gryp the surgeon's milky butt-cheeks  
Rape the surgeon, break the surgeon

Absorb you penis into your tummy  
You a woman again, complete with a vagina  
I'm flipping my rhyme uh, tripping your mind out  
Ripping and vipping your pip, flip it inside-out

Now you the teacher, you the guide  
The real you won't see you denied  
You got crazy sex appeal, all tied up  
Kneeling on the pavement, you can't say shit

Your mouth is gagged, you surrounded by  
A thousand guys totally under your spell  
They all totally scared of the power you hold  
You can changed the rules of the game  
And devour their souls

Now's the time, girl

Let's head back into the outside world  
The world of others, it's time to go back  
The doors are stuck shut  
But the walls are beginning to crack

Uh, now the walls are bleeding  
It's all deceiving, you soaking wet  
With no regrets, feel your body sweat blood  
Peel off your old skin, time to get love

You arrive at the cemetery in time for the ceremony  
I give you a hot kiss, grab hold of your arse cheeks  
How'd you like to get laid on this  
Tomb stone in the middle of the rain forest

My gaze puts you in a daze, I'm loving your long  
tongue  
Look at your beautiful face, covered in hot come  
Spread my wings block out the sun  
Lie on my back, scope out your bum

My penis stays hard, you breathing heavily  
I penetrate you, the feeling's heavenly  
Now bounce, girl, you know it's hot  
Bounce, bounce, girl, like, oh my god

Totally freaky deaky phunky  
Wa'e make you leave your body  
Transport you to another dimension  
You alone in the desert, totally nude

The silence is violent  
You floating above the ground

Invisible energies penetrate  
Every hole in your body while you levitate  
You start coming apart, shape-shifting  
Wild, out of control

Destructo, ghan odn ar  
Dbir vahniss, dgug rgyud  
Hgyur bzan, bhren sseh  
Ehrsta sugam, satah
