Mmmm, smell that?
You know what that smell is, that's right, it's money
Go ahead, rub a dick on that shit
I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my dick on expensive shit

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my dick on expensive shit

Yo, told my daddy I was gonna grow up to be a
superstar rapper, making big money, know what I
mean girl?
My daddy told me I was living in a dream world
If I said yes dad
I wouldn't have my zef swag
Flyin' in the whole f*cking world, getting jet-lagged
Getting bit and... up it's the best drug
If I played it safe, would've never made it ever
Now every day in every way I get a little zeff
No matter what you smoke, you'll never get as high as
me
It's like unfair, f*ck you, when it's not easy
My big boo-boo up an end wall see
Don't you wish your boyfriend was zef like me
I'm the motherf*cking A-list
Suckers of the haters
Gonna make these bitches suck myself
Cause I'm a dominator
A mad musical... the daughters
Swap that beautiful disarm their vaginas

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my dick on expensive shit

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my line...

Eat money, eat money, eat money
Make my dreams come true
Baby you're my angel, sent from the dark side
...
I'm a god, that's such a fresh switch
Yeah, whatever, just don't touch the hair bitch

Everybody's kind saying hip hops dead
Till the white South African hip-hop hit
Pop's up, pa you see me singing? It's not dead
I'm here, can I get the f*cking all in
They always looking at me like I just crawled out the
plane
The underground, I be bored out of my brain
And this pop rap bullshit all sound the same
Go ahead beautiful, call out your name
From the dark side of bloom
I zoom out of gloom dum-dum-durum
Goes bum like a tomb
The dark gravers come and mark...
Tell it to all your friends, yeah this is my favorite song

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my dick on expensive shit

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my line...

I'm sipping Dom Perignon
Dom, Dom Perignon
Dom Perignon
Dom, Dom Perignon
I'm sipping Dom Perignon
Dom, Dom Perignon
Uh la la c'est si bon
I'm sipping Dom Perignon
Dom, Dom Perignon
Dom Perignon

Dom, Dom Perignon
I'm sipping Dom Perignon
Dom, Dom Perignon
It's like an angel peed in my mouth
C'est si bon

I saw you babes, new Gucci shades
Overstep the buffet
Said I rub my dick on expensive shit
So I peed in this caviar, chillin' backstage
And I rub my dick on expensive shit
I saw you virgin galactic tickets to outer-space
And I rub my dick on expensive shit
I saw Hugh Heff's girlfriend's new boobs
And I rub my dick on expensive shit
... fronts of a new Lambo
When I rub my dick on expensive shit
I saw Snoop Dogg's long pretty bongs
And I rub my dick on expensive shit
I saw your mom's new Louis Vuitton leather handbag
And I rub my dick on expensive shit
I saw Lady Gaga's new telephone head
And I rub my dick on expensive shit

I rub my dick on expensive shit
I rub my dick on expensive shit
It's like a dream come true,
I'm living the dream blue
Rubbing my dick on expensive shit

I rub my dick on expensive shit
I rub my wang on exá¹—ensive wang
It's like a dream come true,
I'm living the dream blue
Rubbing my line...

Eat money, eat money, eat money
So, so, so, so, so sexy
Eat money, eat money, eat money
Make my dreams come true
