Yo-Landi:

Sexy boys, fancy boys

Playboys, bad boys

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

Motherfuckers get boss

Look -- this boss that I bring

Guess who's got the party jumping?

Flow in the dark like water pumping

It's no ...

You fucked the system!

My system bumps off it's fucking face

Step into my world, now see that's a paradise,

Yo! What up dude?

My friend of mine,

Boom boom your speakers,

You're good to Jesus.

I be slapping like I did the drum,

These bad boys like to smack me in the bum

My crew is coming up my job is bubble gum,

Pop it in your face nnyhaah,

You fucked the rat race

Our style is rap-rave

My crew has got this

So who the fuck is ...

Whatcha fucking think

On the topic G?

... (Afrikaans?) ...misfits

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

I think you're freaky and I like you a lot

Shit this motherfucking beat is nice.  
Back in the day them twankies  
Didn't wanna believe in us.  
Little did they know that they was in for a  
motherfucking big surprise.  
Left home, locked in my Zef zone.  
(Ready for the dis yo?)  
What the fuck, I guess so,  
With the overseas where the fucking heads get blown.  
OR... Hit the overseas where their fuckin' heads get  
blown  
Get everything from ... like Dr. Dre Beats head phones  
OR... But everything will feel like Dr. Dre beats  
headphones.  
When I get home, I lounge on my Zef throne.  
Make my momma happy cause I get so paid  
Making my money rapping over techno-rave  
I can take it round the world, let's go babe  
When I step up and do my thing  
I put you in the throne,  
For Zef and the fucking clique got it going on,  
Fuck what you think, I do what I want  
I can make a million little motherfuckers jump  
Jump mother fucker  
Jump mother fucker jump  
Jump mother fucker  
Jump mother fucker jump  
Jump mother fucker  
Jump mother fucker jump  
Jump mother fucker  
Jump mother fucker jump  
Jump mother fucker

Increase the beats don't let the partying  
Fuck the joy love for everybody

I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot  
I think you're freaky and I like you a lot
