Chorus:

I'm a junky for that funky beat, funky beat,
Once they get inside of me, I move, move, move, yeah!
I'm addicted to that 808, feel it knocked,
Make your body shake, make your body shake,
Make, make, make, make your body shake.
I'm addicted to that 808, feel it knocked,
Make your body shake, make your body shake,
Make, make, make, make your body shake.

Gotta think for the.. don't stop,
..DJ tell me that,
,club going crazy, about to shut it down,
..we are running out,
.. you gotta come in now,
You're about to shut it down!
As soon as the base hit I'm a master,
Pick it up on me, talk a king in each other, move faster!
Club going crazy, yes,
You hear the .. they say the beat is too loud!
Tell 'em we don't, we don't care, we need to start it up,.

Make your body shake, make your body shake,
Make, make, make, make your body shake.
I'm addicted to that 808, feel it knocked,
Make your body shake, make your body shake,
Make, make, make, make your body shake.
