Ooh yeah ooh

Now it's alright (alright) to get me hot
And it's alright (alright) to cool me off
I know you're tired (aha)
Like a bullet to my head, yay-yeah (that's right)

And it's all good that you played me down like you're
too good (too good)
Got me running round like how you should (aha)
But I don't mind it for now (alright, that's right)

Treat me mean
Keep me keen
That's the way you're working me
Don't you know I see through your game

Got the talk
Where's the walk
Start a fire need a spark
Prove that you can do what you say

Can you push me to the limit (to the limit)
To the limit
If you push me to the limit
It's on it's on (x2)

It's on it's on it's on (yeah)
(Here we go!)

So what's up now
'Coz you start me off and you shut down (shut down)
Is there something I should know 'bout (ooh)
When I know what's in your mind (my mind)

You're so sexy (sexy)
But you drive me wild when you test me (test me)
Coz they know I've got what I need (need)
But boy don't you let me down (oh no)

Treat me mean
Keep me keen

That's the way you're working me
Don't you know I see through your game

Got the talk
Where's the walk
Start a fire need a spark
Prove that you can do what you say

Can you push me to the limit (to the limit)
To the limit
If you push me to the limit
It's on it's on It's on (x2)

It's on it's on it's on
It's on

Push me, push me
Pull me, pull me
Push me, push me
Baby, come save me (x2)

Can you push me to the limit (to the limit)
To the limit
If you push me to the limit
It's on it's on (x4)

It's on it's on it's on (x3)
