Baby boy I got a dark side
I've done some real bad things
If you ever saw my dark side
You wouldn't look at me the same again

And on some of them dark nights
I just get out of control
Baby boy I got a dark side
But I never let it show, oh

And don't you know
That I'm going under, and under
A voice up in my head
But I don't wanna, don't wanna
Do anything he says
If I was stronger, was stronger
I might get through this
But I just can't fight it
It's useless

Baby I'm in real trouble
I've been living a double life
Gotta let it go
Coz before you know
I'll be on the other side
I know my wrong from right
But I might slip into the dark side
(The dark side) (x2)

I've been living on the dark side
And I don't like what I see
But it seems as though the dark side
Has taken over me
And I know everybody got a dark side
But they keep it hidden away
Baby boy I got a dark side
I think it's here to stay, oh

And don't you know
That I'm going under, and under
A voice up in my head
But I don't wanna, don't wanna

Do anything he says
If I was stronger, was stronger
I might get through this
But I just can't fight it
It's useless

Chorus (x2)

I'm stuck in this place and there's nowhere to breathe
I want you to feel you can trust me
But I'm scared of myself
I got a dark side, ooh why?

I'm stuck in this place and there's nowhere to breathe
I want you to feel you can trust me
But I'm scared of myself
I got a dark side

Chorus (x4)
